## **POLICY FOR VALIDATING DIPLOMAS**

All students will be required to provide a copy of either their high school diploma, GED or high school transcript in order to enter in to all programs of study at DCI Career Institute. These documents need to be presented to the admissions department no later than the day of orientation. If a student is a GED recipient the student must provide a copy of the GED, or a copy of the request for GED form with a copy of the money order that was sent in to the state for the GED document.

The registrar will review all diplomas, GED's and high school transcripts to confirm that they are official documents. If the Registrar determines that a diploma, GED or high school transcript may have been tampered with, the registrar will request an official document from the respective institution to validate that document. The student will be required to pay any fees necessary to obtain those official documents.

If a request is made, all transcripts or official documents must be presented to the registrar in a sealed envelope with the school/institution logo or faxed from the official school/institution where the student received the transcript or official document. A diploma release form will be signed at orientation that will permit the school to request these documents.

If the high school transcript or diploma is not received before the start of classes, the registrar will make every attempt to obtain an official high school transcript from the institution listed on the release form.

(Ex: call the school or institution or mail a request form to obtain a copy.) Any fees associated with obtaining the transcript are the responsibility of the student. No student financial aid will be disbursed for the student if the registrar does not have documentation that properly validates high school graduation.

To verify that a school is a legitimate PA Licensed School, the registrar will check the PA Dept of Education website [www.edna.ed.state.pa.us](http://www.edna.ed.state.pa.us) and NACA\*. Home schooled students will be required to provide a transcript from their local school district or a transcript certified by a parent. Appropriate steps would be enforced in other states as well. A student that submits a diploma or official document from a foreign country will have their document translated by an appropriate official to verify that their diploma is a valid high school diploma.

### **Exceptions to the above stated policy include the following:**

- 1) Once the student has provided a copy of the GED request form (See attached) and a copy of the money order the student would be permitted to start class, but no financial aid would be disbursed on the student until the school receives the official GED transcript. This can sometimes take up to 4 to 6 weeks.**
- 2) If the student informs the registrar that their high school can not locate the student's transcript, and the registrar has contacted the institution and confirmed that the student has graduated or received a GED, the registrar will request something in writing from the institution to validate high school graduation.**
- 3) If a student received their GED through the Military or a Correctional Facility the registrar, would review the official documentation and validate that it meets the high school graduation requirements.**

Three examples are attached of acceptable exceptions:

1. Exhibit B-Military Record
2. Exhibit C-Documentation from a Correctional Facility
3. Exhibit D-A letter from the institution on their letterhead

If official high school graduation can not be verified, the student will not be permitted to continue in the program.

## Transfer Students/Re-entry:

Will be accepted in accordance with the Wisconsin Department of Safety and Professional Services rules and regulations and must submit the above materials, as well as:

- A copy of a transcript of cumulative hours completed, with a breakdown of individual educational areas, i.e. haircutting, permanent waving, coloring or other. Transfer hours that are accepted are counted as both attempted and completed for the purpose of determining when the allowable maximum time frame has been exhausted.
- Certification of hours from the Wisconsin Department of Safety and Professional Services of previously attended school.
- Transfer hours that are accepted and counted both as attempted and completed hours for the determination of when the maximum allowable time frame has been exhausted.
- The school will charge a \$175 re-entry fee to students who have withdrawn and wish to re-enter more than 30 days after termination.
- The tuition rates current at the time of re-entry will apply to the balance of training hours needed for students who re-enroll more than 30 days after the formal withdraw date unless mitigating circumstances apply.
- Evaluation period for transfer students is based on actual contracted hours.

## Temporary Training Interruptions

Authorized student absences include illness, hospitalization, jury duty and emergency absences due to death or serious illness in the immediate family. It would be unreasonable to place students not making satisfactory progress on a two-week leave of absence and subsequently, on their return, consider them to be making satisfactory progress. In this respect an instructor will be personally assigned the responsibility to develop a make-up practical and testing schedule in sufficient detail to ensure the student has the opportunity to achieve acceptable standards in attaining Satisfactory Academic Progress. Students who meet the minimum requirements for attendance and academic progress shall be considered to be making academic progress until the next scheduled evaluation. Students who do not meet such requirements shall be deemed to be on warning. The preceding conditions apply to all students eligible or non-eligible to receive financial aid assistance. A student's contract period and maximum time frame will be extended a number of days equal to their approved Leave of Absence.

## Graduation Requirements

In order to graduate, students must successfully complete the designated work assignments, the required number of hours for their chosen course and **\*pass the final written and practical examination with a minimum grade of 80%**. Students will, upon graduation and after financial obligations to Bella Academy of Cosmetology are satisfied, **receive a diploma and transcript for their course of study.**

## Return of Title IV Funds: (\*\*Catalog insert.Please see additional Title IV at the end of this catalog)

If a student (parent/guardian in the case of a student under legal age) cancels his/her contract, the cancellation date will be determined by the postmark on written notification or the date said information is delivered to the school's Financial Aid Director/ Owner in person. Should any aid be disbursed prior to the start of class, all funds will be returned in full to the appropriate agency.

**If a student completes the program earlier than the estimated time frame stated in the contract, the student's financial aid package may be recalculated and that may result in liabilities owed by the student/and or institution, if applicable.**

The Financial Aid Department administers the Return to Title IV Funds Calculation (R2T4). A student withdrawal can include those students who officially or unofficially withdraw. Examples unofficial withdraw; 1) a student who did not return from an approved or unapproved Leave of Absence, Examples Official withdraw; 1) those who were terminated from enrollment. 2) those who withdrew from the program and notified the school, 3) the school was notified by a second party due to circumstances beyond the student's control. All R2T4 calculations are based on the students last date of attendance as provided by the student's attendance records. The R2T4 determines the amount of aid that was earned. The R2T4 is based on the payment period. After the student has completed 60% of the payment period, no refund is due. The R2T4 is completed for all withdrawals to determine if the student is approved for a post withdrawal disbursement. Credit balances as a result of R2T4 will be dispersed as soon as possible and no later than 14 days after the cancellation of student program.

**The calculation for the percent of completion of the payment period is as follows:**

Bella Academy will determine the actual date the student started the payment period and the last date of attendance and will figure the scheduled clock hours within that period of time. The number of clock hours the student was schedule to complete within that payment period is divided by the total number of clock hours in that payment period to determine percent completed. Days a student was on a Leave of Absence are not included in this calculation. Students who owe an overpayment of Pell grants as a result of withdrawal from the program, initially will retain their eligibility for Title IV funding for forty-five (45) days of the earlier of 1) date the school sends the student notification of the over award 2) the date the school was required to notify the student of overpayment. Within thirty (30) days of determining that the student's withdrawal created a repayment of all or part of the Pell Grant, the school must notify the student that she/he must repay the overpayment or make satisfactory arrangements to repay. The student will be notified of overpayment of Title IV funds and that the student's eligibility for

additional Title IV aid will cease if the student fails to take a positive action by the forty fifth (45th) day following notification from the school. The student will have the options of paying the overpayment in full or arranging a repayment agreement with the Department of Education. If the student fails to take action to repay during the forty-five (45) days allotted, the school will report this to NSLDS.

Any student who withdraws officially or unofficially will be made aware of the possible consequences of withdrawing. For financial aid students, repayment on Federal Loans begins 6 months from their last date of attendance. Students who took a full 180 day Leave of Absence (LOA) and who did not return from the LOA will go into immediate repayment.

The R2T4 does not dictate the schools refund policy and is not based on the student's education charges, only the scheduled time within the payment period in which the student drops. This policy is separate from the schools Institutional Refund Policy. All students who utilize Title IV funding will have the R2T4 calculation completed prior to calculating the Institutional Refund Policy. A student may owe funds for unpaid charges to the school to cover education charges. If the school is required to return federal funds, the school will return Federal Aid disbursed that was credited to the student's account for the payment period in which the student withdrew. The school will refund any unearned Title IV aid due within forty-five (45) days of the date of determination, which is no later than fourteen

If the school is required to return federal funds, the school will return Federal Aid disbursed that was credited to the student's account for the payment period in which the student withdrew. The school will refund any unearned Title IV aid due within forty-five (45) days of the date of determination, which is no later than fourteen (14) days from the last date of attendance.

Title IV Refunds are allocated in the following order:

1. Unsubsidized Direct Stafford Loans
2. Subsidized Direct Stafford Loans
3. Direct PLUS Loans
4. Federal Pell Grants for which a return of funds is required

If the school is allowed a post withdrawal disbursement, the school will advise the student or parent they have fourteen (14) calendar days from the date the school sent notification to accept a post withdrawal disbursement. A student who qualifies for a post withdrawal disbursement must meet the current award year requirements and time frames for late disbursements. A post withdrawal for Pell Grants of which the student is awarded will be disbursed within forty-five (45) days of the date the school determined the student withdrew. Post withdrawal loan funds a student accepts will be made within one-hundred and eighty (180) days from the date the school determined the student withdrew.

If the schools Institutional Refund Calculation indicates the student still owes the school, the debt to the school must be paid in full before the release of transcripts (unless your state law indicated otherwise).

The school's responsibility in regard to the Return to Title IV funds are as follows:

- Identifying student who have withdrawn and will be affected by the R2T4 Policy.
- Return all unearned Title IV Funds in compliance with The Department of Education requirements.
- Return unearned Title IV Funds that were disbursed to the student where in the student was deemed ineligible, based on the R2T4 calculation.
- When possible, the student should notify the school in writing of official withdrawal.
- If the student cancels their decision to withdraw, the student must notify the school in writing within three business days of the date of the original withdrawal. (Should the student complete the program earlier than the estimated date in the contract, the student financial aid package may be recalculated and this may result in liabilities owed by the student and/or the institution if applicable.)

If a student’s graduation exceeds the maximum time frame, a new contract for enrollment must be signed.

### SATISFACTORY PROGRESS TITLE IV TIME FRAME

1. 118 % = 85 % Attendance
2. 111 % = 90 % Attendance
3. 105 % = 95 % Attendance

How to calculate maximum time frame based on your required attendance rate.

1. 1550- hr. Cosmetology Practitioner @ 85 % attendance
2. 085 X 1550 hours = 1681.75 hours
3. 1550/1681.75 = 085 = 85%

Safety requirements with this profession would include wearing shoes that would not be slippery when walking on a damp floor. All hair needs to be swept up following each haircut to minimize accidents. All water spilled should also be wiped up quickly as possible. It is the responsibility of each student to promote a safe work environment. Gloves should be worn during a chemical service to reduce any allergic reaction that an individual may have to certain chemicals. Any product that would accidentally get in the eyes should be flushed thoroughly with water. Seek medical attention if irritation continues. Practitioners will be required to stand for long periods of time and perform work with arms and hands in a raised manner. Some products used in the Cosmetology Practitioner industry may cause an allergic reaction in persons who are sensitive to these chemicals. If you have encountered allergic reactions or are concerned about a reaction, you should consult with your physician prior to enrolling in the program. In addition, the profession requires that you work with sharp and/or hot instruments which could cause injury. Students will be educated on how to work with instruments and the procedure for conditions in which blood may become present. Employees have successfully completed a Cosmetology Practitioner, and have a license or temporary working permit. ## SATISFACTORY ACADEMIC PROGRESS POLICY, CLOCK HOURS

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school, including Title IV and non Title IV recipients. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

### EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows determined by scheduled hours: EVALUATION PERIODS

Students by scheduled hours:

- Cosmetology Practitioner 450, 900, 1225 hours scheduled.
- Barbering 450, 900 hours scheduled.
- Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

## ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 85% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 85% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

### MAXIMUM TIME FRAME

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

Program Maximum Time Allowed

Normal Time Frame to Complete Program / Maximum Time

1550 Hrs, academic year    45.6 Weeks    Maximum 53.79

1000 Hrs, academic year    29.41 Weeks    Weeks Maximum 34.70 Weeks

The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 85% of the scheduled contracted hours. Students who have not completed the course within the maximum time frame may continue as a student at the institution on a cash pay basis.

## ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 70% and pass a FINAL written and practical at 80% prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

Excellent A    92-100%                      Satisfactory C    79-70%

Good B        80%-91%                      Fail        69% and below

## Make-Up Work/Incompletes:

Failure to complete missed work in the required period may result in suspension. The student is responsible for making an appointment with the appropriate Instructor (who originally made the assignment) to complete missed work. Incompletes will not be given but a student may require additional time or training to complete the work successfully. The student will be given a deadline and a description of work that needs to be completed. The student must arrange incomplete work directly with the instructor. Withdraw and re-entry has no effect on SAP report.

Make up hours:

Beginning as Sophomores (level 2) if/when a student has used all 70 hours (10 days), make up hours will be available Mondays-Fridays with 72 hours prior notice and approval by an Instructor.

## DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

## WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

## PROBATION, RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

Probation occurs when a student appeals their loss of eligibility and has their eligibility reinstated. Probation period will last for one payment period, during which the student may continue to receive FSA funds. Conditions may be established that the student must meet by the end of the probationary period. Students who fail to make sap, or meet established conditions, at the end of the probation period lose their aid eligibility. Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period

## INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

## APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

## NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

## TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

## Student File Access and Release of Information:

Students and parents or guardians of dependent minors have the right to gain access to their cumulative records by appointment and under the supervision of an instructor. Information pertaining to a student's record will only be released to other individuals or family members with the written permission of the student.

## Absenteeism and Tardiness:

Attendance and punctuality are essential to a quality education and are solely the student's responsibility. If a student is unable to attend classes at Bella Academy of Cosmetology because of illness or other personal reasons, the student must notify an instructor by 8:45 before the start of classes on each day of absence. Any absence due to illness or injury must be documented with a statement from a physician. A student's absence is unexcused, unless correlating documentation to why is presented.

## Additional Tuition Charges:

If a student is absent more than ten days (excused) of the program schedule (1550 hrs. for Cosmetology Practitioner, 1000 hrs. for Barbering, the student will pay \$30.00 per day for coursework to be completed outside the scheduled 1550 hours course. If a student must attend Bella Academy of Cosmetology longer than the prescribed time allotted for the course of study, (1550 hours for the Cosmetology Practitioner, 1000 hrs. for Barbering) the student must pay an additional Contract Overage Fee of \$30.00 per day. The additional daily fee, or any portion thereof, may be waived with the approval of a Director to the student's submittal of a waiver and ability to demonstrate that the circumstances warrant such a waiver.

## Leave of Absence Policy:

Guidelines: A Leave of Absence (LOA) will be granted if the request meets the following:

- Submitted to the school in advance unless prevented by unforeseen circumstances. \*\*\*
- Submitted in writing, signed and dated with reasons for request explained in full.
- Request must be approved by school official.
- To request a full one hundred eighty (180) day LOA, complete documentation and certain conditions will be needed--i.e.: jury duty, military reasons including National Guard requirements, circumstances meeting criteria covered under FMLA (Family & Medical Leave Act of 1993).

### Details

- A LOA is a temporary interruption in a future professional's\* program of study and refers to a specific time period when a future professional is not in attendance. Student is not considered withdrawn.
- LOAs are granted in multiples of thirty (30) days - (30, 60, 90, 120, 150, 180 days).
- Multiple LOAs may be granted in any 12-month period with a minimum increment of thirty (30) days.
- LOA has no effect on the "Satisfactory Academic Progress Standard". \*\*
- If the future professional was deemed to be maintaining Satisfactory Academic Progress prior to LOA or withdrawal of training, upon returning, the future professional is deemed in good standing and may continue the program of study from the point of interruption.
- LOA timeframe does not involve any additional charges.
- Total number of days allowed for a Leave of Absence may not exceed 180 days in a 12-month period.
- Future professionals on an approved LOA need to be aware that the LOA may affect financial aid.

Therefore, before final consideration is given to grant a LOA—a Financial Aid Advisor will meet with the future professional and provide information regarding the following:

- loan obligations
- possible revisions in the aid package
- deferment options
- notification to lending institutions
- possible deferment cancellation
- possible effects on veterans' benefits
- exhaustion of grace periods
- consequences of not returning to Bella Academy of Cosmetology at the expiration of the LOA
- other, as appropriate

For future professionals receiving Title IV funds, all Guidelines below must be adhered to or:

- Professional will be considered withdrawn.
- Future professional who has been granted an LOA will be considered withdrawn if he/she does not return to school at the end of the LOA. In that case, the withdrawal date will be the last day of recorded attendance at Bella Academy of Cosmetology.
- Should withdrawal result, a future professional's grace period for a Title IV program loan might be exhausted.

LOAs are subject to verification and submission of supporting documentation, will only be granted for good cause and must be approved in advance by Bella Academy of Cosmetology. Bella Academy of Cosmetology may request a doctor's statement when appropriate as a condition prior to granting and/or extending a LOA. LOAs may be granted for a period of not more than 180 days maximum per year and will not be extended. At the conclusion of the approved LOA or when a student re-enrolls, the student must return to Bella Academy of Cosmetology at the same academic status as when leave was taken. Failure of a student to return to Bella Academy of Cosmetology upon the expiration of the LOA will be considered a voluntary termination of enrollment. During the leave of absence, a student will not be eligible to accrue extra hours, i.e. job shadow, etc. The student's contract period will be extended by the same number of days taken in the LOA and such changes to the contact period will be documented in the following ways;

- Changes to the enrollment agreement will be initialed by all parties
- An addendum to the enrollment agreement must be signed by all parties.

Should a student not provide the request prior to the LOA due to unforeseen circumstances, Bella Academy will grant the LOA if:

- Bella Academy can document the reason for its decision
- Bella Academy can collect the request form from the student at a later date
- Bella Academy marks the start date of the approved LOA as the first date the student is unable to attend

No additional Title IV assistance is available while a student is on a LOA. Since an institution may not assess any additional charges to a student returning from a LOA, the institution may not award any additional Title IV aid until the student has completed the coursework in which the student was enrolled when the leave was granted. When a student fails to return from a leave of absence at an institution not required to take attendance, if a student does not return to the school at the expiration of an approved LOA (or a student takes an unapproved LOA), the student's withdrawal date is the date the student began the LOA. At an institution required to take attendance, the withdrawal date for the same student would always be the student's last day of attendance. Explanation of consequences of withdrawal to loan recipients granted a leave of absence a student who is granted an approved LOA remains in an in-school status for Title IV loan repayment purposes. If a student on an approved LOA fails to return, the school must report to the loan holder the student's change in enrollment status as of the withdrawal date. One possible consequence of not returning from a LOA is that a student's grace period for a Title IV program loan might be exhausted. Therefore, in order for a LOA to be an approved LOA, prior to granting a leave of absence, a school must inform a student who is a Title IV loan recipient of the possible consequences a withdrawal may have on the student's loan repayment.

## FERPA Policy and Procedures:

Bella Academy of Cosmetology recognizes that the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interest
- Other schools to which a student is transferring
- Specified officials for audit or evaluation purposes
- Appropriate parties in connection with financial aid to a student
- Organizations conducting certain studies for or on behalf of the school
- Accrediting organizations
- To comply with a judicial order or lawfully issued subpoena
- Appropriate officials in cases of health and safety emergencies
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

\*\*Treatment of title IV funds when a student withdraws.

### General

When a recipient of title IV grant or loan assistance withdraws from an institution during a payment period or period of enrollment in which the recipient began attendance, the institution must determine the amount of title IV grant or loan assistance that the student earned as of the student's withdrawal date. In the case of a program that is measured in clock hours, the student does not complete all of the clock hours and weeks of instructional time in the payment period or period of enrollment that the student was scheduled to complete.

#### **Withdrawal date for a student who withdraws from an institution that is required to take attendance.**

For a student who ceases attendance at an institution that is required to take attendance, including a student who does not return from an approved leave of absence, as defined in paragraph (d) of this section, or a student who takes a leave of absence that does not meet the requirements of paragraph (d) of this section, the student's withdrawal date is the last date of academic attendance as determined by the institution from its attendance records.

An institution must document a student's withdrawal date determined in accordance with paragraph (b)(1) of this section and maintain the documentation as of the date of the institution's determination that the student withdrew.

An institution is required to take attendance if -

(A) An outside entity (such as the institution's accrediting agency or a State agency) has a requirement that the institution take attendance;

(B) The institution itself has a requirement that its instructors take attendance; or

(C) The institution or an outside entity has a requirement that can only be met by taking attendance or a comparable process, including, but not limited to, requiring that students in a program demonstrate attendance in the classes of that program, or a portion of that program.

If an institution is required to take attendance, or requires that attendance be taken, for a limited period, the institution must use its attendance records to determine a withdrawal date.

If the student ceases attendance without providing official notification to the institution of his or her withdrawal, the mid-point of the payment period (or period of enrollment, if applicable);

If the institution determines that a student did not begin the institution's withdrawal process or otherwise provide official notification (including notice from an individual acting on the student's behalf) to the institution of his or her intent to withdraw because of illness, accident, grievous personal loss, or other such circumstances beyond the student's control, the date that the institution determines is related to that circumstance. If a student does not return from an approved leave of absence the date that the institution determines the student began the leave of absence; or if a student takes a leave of absence that does not meet the schools requirements, is the date that the student began the leave of absence.

An institution may allow a student to rescind his or her official notification to withdraw by filing a written statement that he or she is continuing to participate in academically-related activities and intends to complete the payment period or period of enrollment.

If a student both begins the withdrawal process prescribed by the institution and otherwise provides official notification of his or her intent to withdraw the student's withdrawal date is the earlier date unless a later date is determined.

**“Official notification to the institution” is a notice of intent to withdraw that a student provides to an office designated by the institution.**

An institution does not have to treat a leave of absence as a withdrawal if it is an approved leave of absence. A leave of absence is an approved leave of absence if -

- The institution has a formal policy regarding leaves of absence;
- The student followed the institution's policy in requesting the leave of absence;
- (The institution determines that there is a reasonable expectation that the student will return to the school;
- The institution approved the student's request in accordance with the institution's policy;
- The leave of absence does not involve additional charges by the institution;
- The number of days in the approved leave of absence, when added to the number of days in all other approved leaves of absence, does not exceed 180 days in any 12-month period.

Except for a clock hour program, upon the student's return from the leave of absence, the student is permitted to complete the coursework he or she began prior to the leave of absence.

If the student is a title IV, the institution explains to the student, prior to granting the leave of absence, the effects that the student's failure to return from a leave of absence may have on the student's loan repayment terms, including the exhaustion of some or all of the student's grace period.

If a student does not resume attendance at the institution at or before the end of a leave of absence that meets the requirements of this section, the institution must treat the student as a withdrawal in accordance with the requirements of this section.

- The number of days in a leave of absence is counted beginning with the first day of the student's initial leave of absence in a 12-month period.
- A “12-month period” begins on the first day of the student's initial leave of absence.
- An institution's leave of absence policy is a “formal policy” if the policy -
- Is in writing and publicized to students; and
- Requires students to provide a written, signed, and dated request, that includes the reason for the request, for a leave of absence prior to the leave of absence. However, if unforeseen circumstances prevent a student from providing a prior written request, the institution may grant the student's request for a leave of absence, if the institution documents its decision and collects the written request at a later date.
